TEAM NAME: The Course Collaborators

TEAM MEMBERS:

- Madison Jones: madisonpj, majo8117@colorado.edu
- Dalton Prokosch: garthable, dapr8102@colorado.edu
- Matt Harper: matt-harp, maha6576@colorado.edu
- Ori Grushka: origrushka, orgr9499@colorado.edu
- Maddie Kloud: maddiekloud, makl2991@colorado.edu
- Donghae Yi: DonghaeYi, doyi9623@colorado.edu

APPLICATION NAME: Rate My Courses

APPLICATION DESCRIPTION:

Rate My Courses is a platform where students can rate classes on various metrics such as difficulty, how well they're taught, and workload. Along with these metrics, the platform will also allow users to write reviews of the class, allowing for a more detailed and unrestricted assessment. Students will then be able to view all reviews that have been inputted into the platform to better understand what to expect from various courses. The primary value of our website will be filling the void left by FCQ's: students may share their true opinion without being confined to the questions on the FCQ.

VISION STATEMENT:

For students at CU Boulder who want to make more informed class schedule decisions, Rate My Courses allow students to freely express their opinions and learn from others' experiences unlike the limitations of standard FCQs at the end of the semester.

VERSION CONTROL: <https://github.com/madisonpj/CSCI3308-Final-Project.git>

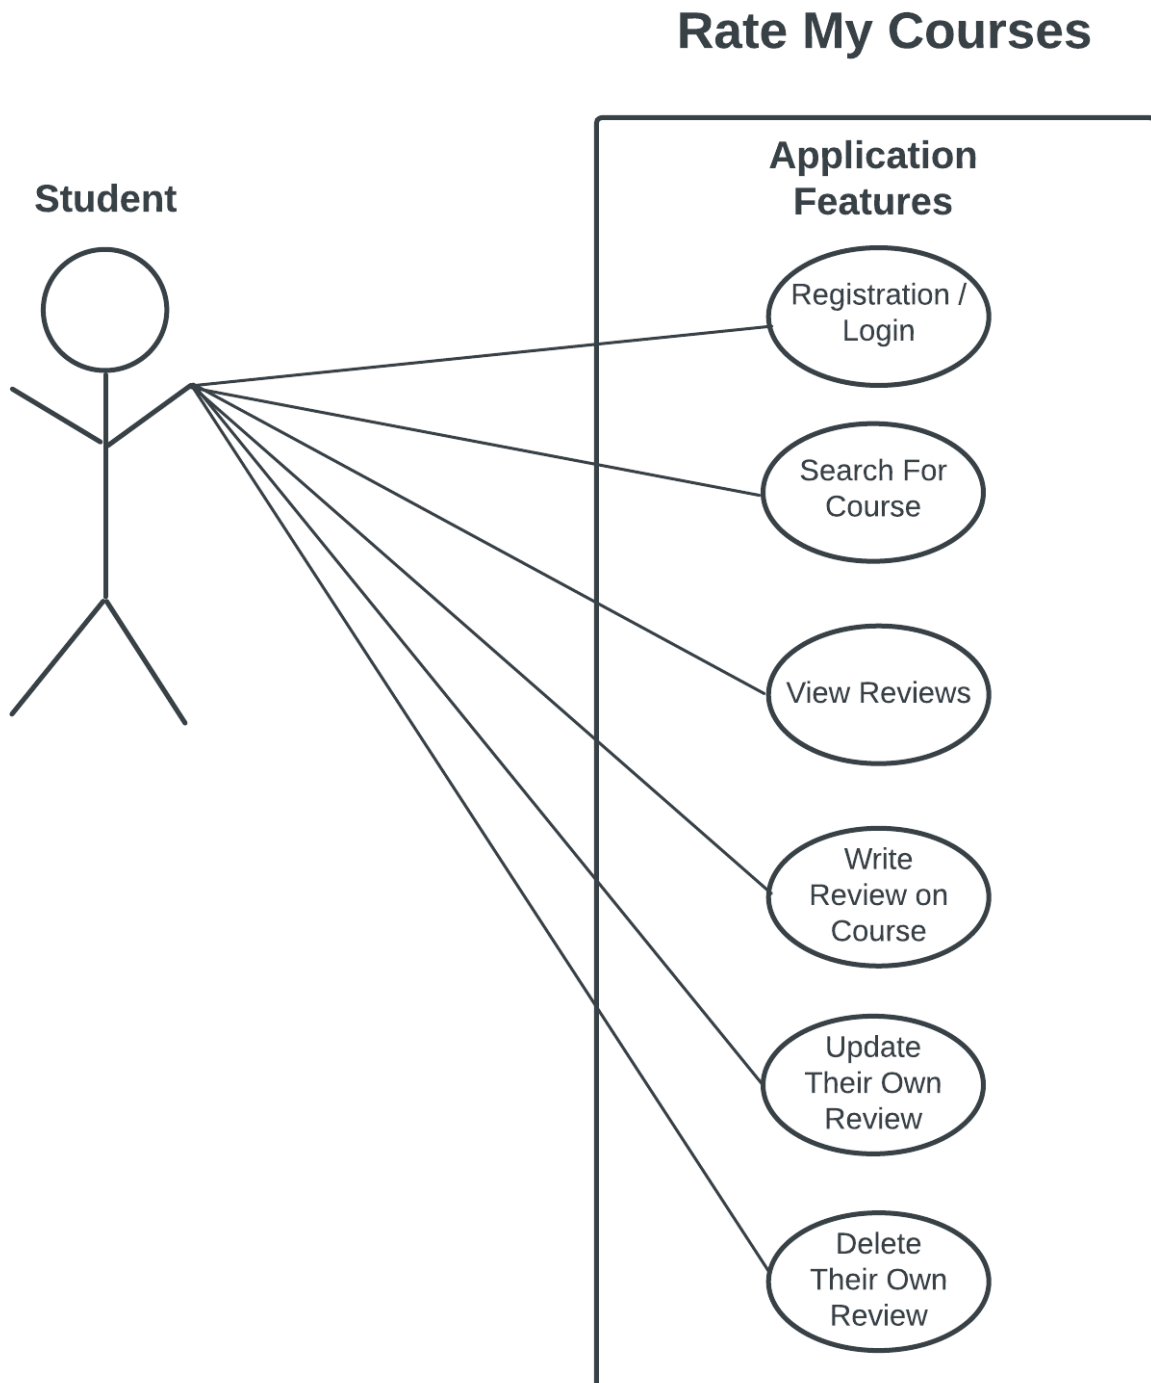

DEVELOPMENT METHODOLOGY: We will use a Kanban board to plan out the features and determine who will be responsible for each task. We will also use an ER diagram to manage table relations and assist with implementation of features.

COMMUNICATION PLAN: We will use Discord. This allows us to communicate via text and voice/video calls.

MEETING PLAN:

- Team Meeting: Tuesday 12-1 via Discord
- TA Meeting: Wednesdays 7:45pm, Zoom

CASE DIAGRAM:

WIREFRAMES:

- Home page:

The wireframe shows a web page layout for 'RateMyCourses'. In the top right corner, there are two blue buttons: 'Add a review...' and 'Login'. In the center, the title 'RateMyCourses' is displayed in bold. Below the title is a search bar containing the text 'Course search: CSCI 33'. Underneath the search bar is a list of three course entries, each with a right-pointing arrow:

CSCI 3302: Introduction to Robotics	➡
CSCI 3308: Software Development...	➡
CSCI 3352: Biological Networks	➡
